Dear FSS participants,

Welcome to the March newsletter. This month you will find opportunities in the Oshkosh and Winnebago County area to bring you into the spring season and save you a little money. You can partake in events that the whole family can enjoy or you can look for events that may address the challenges you are facing during this time of the year. If you are looking for something that is enjoyable for the family to celebrate Easter, then join the Oshkosh Senior Center for “Breakfast with the Bunny” or attend Prospera Credit Union’s 6th Annual Free Easter Egg Hunt. However, if you are looking for ways to make everyday living a little easier, there are many resources offered in this area. Job Fairs are being held in Fond du Lac and Appleton for positions ready to be filled. If you are looking for better housing or perhaps one day owning your own home, then look no further than the Winnebago County Housing Authority. Join our FSS Connection Group on March 14 to meet up and learn more about the Homeownership programs in the community. Is your focus this month to be saving more money? If it is then attend the Oshkosh Money Conference which offers personal finance workshops to help with budgeting. If you are just looking for an easy way to save at home, then try creating a money challenge for yourself. They are easy to do and do not require you to set aside a lot of money at all one time. Listed below is an example of a money challenge that you can incorporate into your everyday life. If this is too much money to be setting aside, then tailor the challenge to fit your needs. Perhaps instead of going up by \$1.00 increments you could go up by 50 cents which would still save you \$451.50 this year. There are many ways to save and have fun in the month of March. We hope you find what works best for you and hope you have a Happy Easter.

Becca Bollant, FSS Assistant Coordinator

Making Home Ownership a Reality

The Winnebago County Housing Authority provides financial assistance to make homeownership a possibility for low and moderate income families that qualify. Here are some key steps you should consider:

1. Is my household very responsible with tracking our income expenses? Is this tracked on a spreadsheet or other accessible area that enables easy accounting for income and expenses?
2. Can I afford to pay all of my current bills?
3. Can I save a little \$\$ each week, paycheck or month?
4. Have I paid all past due debts and judgments that I owe?
5. Have I reviewed my credit report in the last 12 months?
6. (If you answered no to any of the first five) Have I considered contacting FISC Financial Counseling Services to improve my financial management? FISC is based on Menasha and Oshkosh as a program partner of Goodwill, with more information online at www.fisc-cccs.org.

Purchasing a home in partnership with the Winnebago County Homebuyer Program requires that you meet several basic financial standards:

- A. Current with all debts: no delinquent or unpaid debts
- B. Current debts obligation is under 11% of your monthly income (including credit cards, loans, vehicle loans, judgments, and other similar obligations)
- C. Ability to successfully budget.
- D. Ability to save. You will need to invest a minimum \$1,500 into the home purchase. You will also need to achieve a savings account balance equivalent to 1-month's living expenses (typically \$1,200-\$2,200) that is saved as an emergency savings.
- E. Meet income qualifications of below 80% county median income.
- F. Completion of program requirements and qualification for a loan with assistance from the homebuyer program.

If these steps seem reasonable and achievable, you might be in a position to explore homeownership. Visit us online at www.winnebagohomebuyer.org for more information, to access an application, and to learn about how homeownership might be a realistic goal for you!
