Dear FSS participants,

We all know someone who has been affected by bed bugs in their home, or have heard horror stories of travelers encountering bed bugs on their trip. Bed bugs can infest any location, *clean or dirty*, during any season. So there is no better day than today to protect you and your family from those pesky little bugs!

Bed bugs are small, brown, oval shaped insects about the size of an apple seed. Bed bugs attach themselves to luggage, clothes, and used beds and couches (from homes & curbs). Once bed bugs are in your home they can spread into other rooms. If you live in an apartment building they can even spread to your neighbors!

If you suspect bed bugs in your home act *immediately*.

Steps you can take to remove bed bugs are:

- Wash all bedding and clothing in hot water and dry on the highest heat setting.
- Put anything that cannot be washed in the dryer on the highest heat possible for 30 minutes.
- Vacuum frequently (remove and seal the bag, then place outside).
- Place bed bug protectors on mattresses and pillows.
- Remove clutter from around your bed.
- If infestation persists, a professional exterminator may be necessary.

Need help with your taxes? Still haven't filed your taxes? No need to wait for the April 17th deadline; it takes less than one hour! Households with an adjusted gross income of less than \$66,000 in 2017 can file **both federal and state taxes for free** with [MyFreeTaxes](https://www.myfreetaxes.com)TM. MyFreeTaxes is powered by H&R Block's premium software so filing is easy, secure and guaranteed to be 100% accurate.
