10 Digit Dialing for ALL Calls

Starting October 24, you must use all 10 digits when placing any phone call, including local dialing. This change affects all of Wisconsin. At this time, everyone should review any automated dialing settings such as fax machine address books and contact lists on your cell phone. These will need to be updated to include the area code so that they work correctly after October 24.

Vaccination Clinic for Court Tower Residents

There will be a vaccination clinic for Court Tower residents on **Thursday, October 21, 2021 from 8:30 - 10:30 AM in the Theater.**

Registered Pharmacist Jenni Villeneuve will be here to administer flu, pneumonia and COVID booster shots to any interested residents.

Masks must be worn in all common areas of the building. Physical distancing and sanitary techniques will be followed during the vaccination clinic.

Call Social Service Coordinator Jane Spietz at 920-424-1483 if you would like to sign up to receive a flu, pneumonia or COVID booster shot on **Thursday, October 21, 2021 from 8:30 – 10:30 AM.**

Medicare Open Enrollment Period

Every year, Medicare's open enrollment period is **October 15 - December 7.**

Medicare health and drug plans can make changes each year - things like cost, coverage, and what providers and pharmacies are in their networks. October 15 to December 7 is when all people with Medicare can change their Medicare health plans and prescription drug coverage for the following year to better meet their needs. Information for next year's plans will be available beginning in October.

Call 1-800-MEDICARE, go to [Medicare.gov](https://www.medicare.gov) or contact Jane at 920- 424-1483 to find Medicare plan information or to compare plans.

Manager's Corner

Bed bugs

We just had the canines come through and do a thorough inspection of the entire building. We will be treating all units that were found to have bed bugs. Please report any bugs that you see so we can treat your apartment immediately. We would like to be bed bug free!!

Electronic locks

For those tenants that have the electronic locks on your apartment, please be aware that when the batteries start to lose power, your lock will flash red. If you see this happen to your lock, please write up a work order and Josh will change the batteries in your lock. This will prevent you from getting locked out of your apartment.

Please don't park in the fire lane

The fire lane is the entry lane to Court Tower from Court Street. It is not meant for people to park their vehicles for more than five minutes. Primarily, it is used for the Fire or Police Department to park their vehicles in the case of emergencies. It is also used for residents or their guests to travel on to get to the parking areas of the property. The area directly in front of the building is mainly used for pick up and drop offs. I ask that you follow these guidelines.

The Heat is on!

It is getting to be that time of the year.....cold. We would like to advise all residents to change their "system mode" on the temperature control (located on the wall by your laundry closet) to "Heat". We realize that understanding the temperature control may be challenging for some residents. If you feel that you need assistance with this, please fill out a purple work order and provide it to the main office. Josh will respond to your request. Here are the instructions if you wish to do it yourself.

season to the next to protect against the viruses. Your protection from flu vaccine declines over time. Yearly vaccination is needed for the best protection.

Take the time get a flu vaccine and stay healthy today.

Submitted by Lori Duclon, R.N.

Your best bet for avoiding influenza is to get your flu vaccine.

Two reasons make getting vaccinated against the flu the wise choice:

1. It's been proven year after year that you're in better shape to fight off the flu if you get the vaccine.
2. By getting vaccinated against the flu, you help protect the people around you just like the COVID-19 vaccine. People can be infected with both flu and the virus that causes COVID-19 at the same time and have symptoms of both influenza and COVID-19.

The flu vaccine like the COVID-19 vaccine takes two weeks to build immunity after getting it. It is usually best for people to get their flu vaccine by the end of October. People can get the flu shot anytime during the flu season. The flu vaccine is your best defense against the flu, but there are additional steps you can take to help yourself from the flu and other viruses. These steps include the following:

- Wash your hands often and thoroughly with soap and water.
- Use an alcohol-based sanitizer on your hands if soap and water are not available.
- Avoid touching your eyes, nose or mouth whenever possible.
- Avoid people who are sick.
- Practice good health habits. Get plenty of sleep, exercise regularly, drink plenty of fluids and eat a healthy diet.

The best way to protect yourself and your loved ones against the flu is to get a flu vaccine every flu season. Check with your physician or your local pharmacy to get your flu vaccine.

Why is it important to get a flu vaccine every year?

Flu viruses are constantly changing, so flu vaccines may be updated from one
